

# Screening Policy for Kingsland Labradors

[www.kingslandlabradors.com](http://www.kingslandlabradors.com)

**Here is the information I need from you as a potential puppy buyer.**

- What you like/want in a dog- Looks, size, temperament.
- Where the puppy will live, and where it will spend it's time when you are at work, etc.
- Pictures of you with former dog (if possible)
- Pictures proving you have a securely fenced yard, which I require for the puppy/dog's safety.
- Tell me what your dog's main job(s) will be: Family companion, Service/therapy dog, Hunting dog, Hunting competition dog, SAR dog, Agility dog, Dock Jumping dog, possible breeding dog (which has stipulations), etc. Our dogs have succeeded in all the above mentioned jobs, while being a great best friend!!
- Your physical address (I do google it), and all contact information.

When I get the above information, I will get back with you, so we can talk and answer each other's questions. You are welcome to call me with any questions.

I am very careful to whom I sell my puppies because they are my sweet puppies that only know love, and I am their first line of defense for their future!!

Sincerely,

Teresa Meredith
